ST. PETERSBURG COLLEGE

Overview

Founded in 1927, SPC is Florida's first two-year college and the first to offer bachelor's degrees. SPC offers more than 100 degree and certificate programs, including many high-demand, high-skill industry- recognized workforce certifications. The college's career-focused curriculum is created with input from industry experts to give students the skills they need to meet the needs of today's employers. SPC's Guided Pathways Program gives students a clear roadmap to success to ensure they are taking the right courses, in the right sequence, with wrap-around supports to help them achieve their goals. The college's mission is to "empower our students and community to achieve success and economic mobility through academic excellence and engagement."

Degrees and Programs

St. Petersburg College offers the following academic programs:

- About two dozen **bachelor's degrees** that meet local workforce demands in high-needs areas.
- An **Associate in Arts** degree that emphasizes a liberal arts education and prepares students for a bachelor's degree at SPC or to transfer to a four-year college or university.
- Career and technical education programs (**Associate in Science and Certificates**) that lead to well-paying jobs in Pinellas County or furthering one's career.

SPC is accredited by the Southern Association of Colleges and Schools Commission on Colleges which means credits transfer to reputable institutions.

Community Partnerships

- Our **partnerships with Pinellas County Schools** help high school students prepare for college and earn high school and college credit for college-level work.
- Our alliance with more than a dozen colleges and universities through the **University Partnership Center** offers bachelors and graduate degrees to local residents.
- **Joint-use libraries** on the St. Petersburg/Gibbs, Seminole, and Clearwater campuses highlight unique partnerships between SPC and the cities of St. Petersburg, Seminole, and Clearwater.
- The **SPC Downtown Cultural Arts Center** houses The American Stage Theater and shared box office for The Florida Orchestra and Palladium Theater.

Faculty Excellence

SPC's outstanding, diverse faculty and staff provide a climate for student success and an enduring commitment to excellence through:

- Advanced technologies
- Consistent and impactful feedback
- Innovative teaching techniques
- International education opportunities
- Online learning
- Out-of-classroom support
- Hands-on educational opportunities

Equal Access/Equal Opportunity

The Board of Trustees of St. Petersburg College affirms its equal opportunity policy in accordance with the provisions of the Florida Educational Equity Act and all other relevant state and federal laws, rules and regulations. The college will not discriminate on the basis of race, color, ethnicity, religion, sex, age, national origin, marital status, pregnancy, sexual orientation, gender identity, genetic information, or against any qualified individual with disabilities in its employment practices or in the admission and treatment of students. Recognizing that sexual harassment constitutes discrimination on the basis of sex and violates this Rule, the college will not tolerate such conduct. Visit www.spcollege.edu/eaao for more information.

ZERO-BASED BUDGETING

- In FY18-19, the college undertook a **Modified Version of Zero Based Budgeting (MZBB)** to prepare its FY19-20 budget. The process included starting each departmental budget at zero dollars and required each budget supervisor to identify need and expense (less personnel expense) and justify how their need and expense supported the College's strategic priorities (Recruitment, Retention, Learning Experience, Employee Engagement, and Resource Allocation). Next, historical data was used to calculate a maximum amount for each departmental budget to ensure the cumulative amount of all budgets did not exceed the overall College amount. One of the main reasons for undertaking MZBB was to align the budgetary process with the 4 C's of the Community of Care: Communication, Collaboration, Culture, and Creativity. Through this process, budget supervisors were encouraged to communicate and collaborate with their teams to identify true needs and expense while finding creative ways to eliminate costs and find new efficiencies in systems and processes. This method of budgeting differed from how the college normally budgets (i.e. reviewing historical trends and rolling over amounts year-to-year without fully examining the strategic purpose of every dollar found in the budget). The process was worthwhile and beneficial from a culture and cost savings standpoint.

SPC FOUNDATION & FUNDRAISING

- After a review of the current organizational structure of the SPC Foundation, a VP of Institutional Advancement and Executive Director of the SPC Foundation, **Jesse Turtle**, was hired to develop a new collegiate Advancement office. The focus of the new office will focus on its ability to further advance the college, enhance alumni relations, secure additional major gifts, and launch a major fundraising campaign.

GRANTS

- During FY18-19, SPC secured \$6,676,959 in new and reoccurring funds, while managing over \$13 million in active awards. Aligned with the College's strategic plan, the awarded grants support critical needs within SPC including:
 - Academic Excellence: In an effort to support the Board's commitment academic excellence, a \$299,999 **Florida Center for Students with Unique Abilities – Florida Postsecondary Comprehensive Transition Program (FPCTP)** grant was secured to support efforts in program planning and implementation for SPC's Titans Up program. The purpose of an FPCTP and mission of Titans Up is to support individuals with intellectual disabilities in their pursuit of higher education that leads to a meaningful credential and sustainable employment.
 - Economic Mobility: With a commitment to offering more programs connected to high demand industries and workforce needs, SPC has secured a **CareerSource Florida, Inc.– Quick Response Training Grant – PowerTown Line Construction** grant for \$367,500. PowerTown will train approximately 80 of its newly hired employees in groundsman/lineman and telecommunication operations, thereby increasing responsiveness to regional needs. Led by the College's Workforce Institute, SPC will provide fiscal agent services to PowerTown over the one-year program, as well as training services including curriculum development, participant instruction, and certification preparation.
 - Community Engagement: Having heard concerns from faculty and staff, as well as students, around child care access, SPC received grant award of \$323,446 from the **U.S. Department of Education for the Child Care Access Means Parents in Schools (CCAMPIS)** program. The goal of CCAMPIS is to increase access to high-quality, affordable child care and support services for low-income students with children, ultimately helping them persist and complete a postsecondary education.

FACILITIES NEWS

- The College completed its multi-phase physical footprint review in FY18-19. The purpose of this review was to analyze space utilization, determine value of real estate assets, and make recommendations on space consolidation and future use of the SPC's 2.6 million square feet of space.

EMPLOYEE ENGAGEMENT STUDY

- SPC implemented its first college-wide Employee Engagement Survey in November 2018. Overall participation in the survey was 44%, which was open to more than 3,200 employees, including adjunct, contract, and temporary

employees; with **80% participation among full-time employees**. The survey revealed that employees are generally pleased with three of the four institutional dimensions measured: 1) their individual jobs; 2) their teams; and 3) their immediate supervisor. The survey also revealed that, of the five drivers of employee engagement, employees were generally pleased with the levels of Meaning, Autonomy, Impact, and Connection they derive from their jobs. Our primary area of concern is in the area of Growth, which pertains to job advancement, compensation, professional development, and rewards and recognition.

NEW COLLEGIATE HIGH SCHOOL

- **SPC opened its second Collegiate High School at the Tarpon Spring Campus.** SPCHS offer students in grades 10-12 the opportunity to simultaneously earn a high school diploma and an Associate in Arts degree. This location will serve more than 150 students in the inaugural class and is expected to expand to 240 student by 2020-21. Families in North Pinellas County will now have the convenience to access the accelerated program. SPC was awarded a two-year \$550,000 grant from the Florida Department of Education's Office of Independent Education and Parental Choice (OIEPC) to assist with opening the second location.

IGNITE and FUSE ARTICULATIONS

- SPC expanded its targeted articulation pathways for students. The College's FUSE program, a targeted articulation program with the University of South Florida, grew dramatically over the past year. The FUSE program started as a pilot in the fall of 2016 with 14 students and 15 identified majors. Today, we have **383 FUSE students and 32 identified majors**. Since its inception 61 graduates have walked across the stage, and 60 students have been awarded the FUSE scholarship, worth a maximum of \$2,500.
- This past spring, the College began a **new articulation program with Florida Agricultural and Mechanical University (FAMU)**. Known as IGNITE, this articulation program will provide students with a seamless transfer to FAMU. Currently, **41 students are enrolled in one of the 6 IGNITE transfer programs**.

PATHe

- In support of the development of an educational ecosystem, the **Pinellas Access to Higher Education (PATHe)** advisory group was set into motion in the fall of 2018 as a way to promote higher education to ALL residents of Pinellas County and increase the number of students attaining post-secondary degrees and credentials. PATHe counselors to assist students who normally would have been admitted to USFSP but who were denied admission due to higher admissions requirements as a result of USF's consolidation. To date, 117 students were denied admission to USFSP who would have been admitted a year earlier. Of those, **31 have applied to SPC with the intent of being a part of the PATHe initiative and transferring to USFSP after completing the AA at SPC**.

HEET PROGRAM WITH PCS and PTC

- SPC, in conjunction with Pinellas County Schools (PCS) and Pinellas Technical College (PTC,) developed an auto-articulate program for students in PCS Career Academy Courses or graduating from PTC in the areas of Health, Education, Engineering, and Technology. Through collaboration with PCS, we identified 8,695 free college credits eligible for current high-school students for their CTE course grades. **At the end of July 2019, SPC had awarded 2,229 college credits** through its auto transcription process for a cumulative **savings of \$249,000**.

MATH PATHWAYS

- Since September 2017, a state-wide effort through the Florida Student Success Center has centered on a year-long effort on mathematics redesign. All FCS institutions have worked to ensure high school to college and college to university alignment to ensure faster time to degree. SPC suggested revisions to the Liberal Arts/Statistic and College Algebra Pathways, which were shared during the August BOT meeting and include: Phasing out MAT 1100 by Fall 2019 and MAT 1033 by Fall 2020 and remove barriers to student entry into MAC 1105, MGF 1106 and 1107. Meetings with faculty, staff, and the Dean have been taking place since Summer 2018. Once the revised pathways are fully implemented, **almost 9,000 students will have the opportunity to accelerate their math degree requirements**.

TRACKING CAREER AND ACADEMIC COMMUNITY MILESTONES

- During the Spring 2019 semester all 10 Career and Academic Communities began sharing their milestone data during a weekly data call. Metrics for each quartile of a program (15 credit hours) were designed to measure the success of one academic and one student support milestone experience in order to track student progression through their pathway. The **Triad Leadership** (one lead faculty member, a lead advisor, and a learning support specialist) reported on analyzed Fall 2018 data and reflected on barriers and accelerators to student success. These data points have led to cross-departmental conversations as a holistic approach where career and academic advisors, faculty, and Learning Resources help students navigate through college life by promoting positive behaviors and connecting them to internal and external resources that support academic success.

COLLEGE OF VETERINARY TECHNOLOGY

- The Association of Florida Colleges gave the 2019 Teaching and Learning Center Award to SPC's College of Veterinary Technology associate degree program. The \$1000 award, which will be used for the enrichment of the program's housed animals, was presented at the AFC's Conference on College Teaching and Learning.

RESPIRATORY CARE PROGRAM

- St. Petersburg College's Respiratory Care Program received the Distinguished RRT Credentialing Success Award by the Commission on Accreditation for Respiratory Care (CoARC). This recognition is a standard of professional achievement for registered respiratory therapists (RRT). According to CoARC, the credential shows a program's success in inspiring graduates to achieve their highest educational and professional goals, and considers a credentialing success of 90 percent or above, as well as a program's ability to meet or exceed established goals for CRT credentialing success, retention and on-time graduation.

*There were several types of course categories within the credit and non-credit system; prior to 1990-91, the headcount number for non-credit students represented an unduplicated count within each of the various non-credit course categories. Beginning 1990-91, the unduplicated headcount number represents an unduplicated count between all non-credit course categories. However, the potential of duplication between credit and non-credit, i.e., a student who takes both credit and non-credit courses are counted twice.

■Beginning Fall 2002, the total includes upper division students.
