

Important Summer Course Information for SPC Veteran Students

On March 21, 2020, federal emergency legislation was enacted to allow student veterans to continue receiving the same amount of GI Bill benefits despite courses going online.

The law ensures GI Bill educational assistance benefits through Dec. 21, 2020 to student veterans who have had to transition to online learning due to emergencies and health-related situations such as COVID-19.

For Chapter 33 and Chapter 31 Veteran students at SPC, the requirement to take at least one Face-2-Face (F2F) class for the duration of the semester in order to generate the full GI Bill payment for which you are eligible can now be met with the classes listed below.

This list includes Summer term classes previously offered in a F2F/blended format that have now been converted to an online format. In addition to the classes listed, you may sign up for any class coded as **“Live Online”** in order to meet this requirement.

To be counted as an in-resident learner, you will need to sign up for at least one of the courses listed below, or a course coded as "Live Online" over the Summer term.

For more information or assistance please contact us at 727-341-7990.

NOTES

1. Programs that were originally offered in an online format will not have courses listed here, as the programs did not change modality because of COVID-19.
2. If you are in a health program you may need to check directly with your program's Academic Chair. Health programs are subject to the authority of their accrediting bodies and at this time their clinical hours cannot be determined. Health program directors will work closely with their students to register as necessary. Veterans Services will continue to work with these programs as COVID-19 developments occur.
