<u>11-114.</u> The meeting was convened by the chairman at 8:33 a.m. Chairman Burke called upon Dr. Phil Nicotera, Provost of the Health Education Center, who welcomed all in attendance. The chair thanked him and his team for their hospitality.

**11-115.** The invocation was given by Mr. Johnston and was immediately followed by the Pledge of Allegiance.

<u>11-116.</u> Under Item II-A, Presentation of Retirement Resolutions and Motion for Adoption, Dr. Law recommended adoption of retirement resolutions for Diane E. Francey, Assistant Purchasing Director, EpiCenter Services; Donald J. Hendricks, Electrician, EpiCenter Services; Karen K. Kroeker, Academic Staff Assistant, Natural Science, Tarpon Springs Campus; Marsha M. Lange, Student Services Assistant, Business Office, St. Petersburg/Gibbs Campus; J. Stephen Meier, Instructor, Social & Behavioral Science, St. Petersburg/Gibbs Campus; Patricia O'Hare, Administrative Specialist, College of Computer & Information Technology, St. Petersburg/Gibbs Campus; and Sang Vo, Senior Instructional Specialist/Math Adjunct Instructor, Learning Support Commons, Clearwater Campus. Ms. Lange and Mr. Meier were in attendance and, joined by colleagues, received their resolutions as presented by Chairman Burke and President Law.

Mr. Brett moved to adopt the resolutions. Mr. Johnston seconded the motion. Mr. Johnston voted aye; Mr. Burke voted aye; Mr. Brett voted aye; and Mrs. Bilirakis voted aye. Motion carried.

<u>11-117.</u> Under Item II-B, Recognitions/Announcements, Dr. Law commented that, upon his return to St. Petersburg College after being away for several years, he was stunned by the aesthetic quality of the Health Education Center and recognized and commended Ms. Shelly Allen, site Groundskeeper, for her outstanding work. Board members extended their thanks as well.

<u>11-118.</u> Opportunity was given for comments from the Board Chair, Board Members and the President.

Chairman Burke commented on recent events attended by trustees. (1) Mr. Earl Fratus invited Board members and several administrators to a student presentation at which they recounted their experiences on a recent trip to Derry, Ireland. Chairman Burke noted it was

wonderful to hear from the students and be reminded of the importance of our international program. Mr. Burke thanked Mr. Fratus for the invitation. (2) Mr. Burke, Mr. Gibbons and several College administrators attended the NAACP Annual Freedom Fund Banquet at The Coliseum. Attendees were honored to have State Senator Arthenia Joyner seated at the College table as a guest of Mr. Gibbons. It was a very positive event, at which the College was recognized, as well as Dr. Law, who co-hosted the event. Mr. Burke thanked Dr. Law for the opportunity to attend, stating the importance of the College's recognition at this event.

Additionally, Dr. Law commented on attendance at the Pinellas County Urban League Equal Opportunity Day Gala Dinner, for which the College was a sponsor. Mr. Gibbons, College administrators and our SGA representative, Sarah Pemberton, participated. There was opportunity to speak with Lt. Governor Jennifer Carroll and share the vision of the Association of Florida Colleges. Dr. Law reported that he met with the Executive Committee of the Urban League a few months ago and that the College will be working closely with the Urban League on community initiatives. Mr. Burke shared that the President/CEO of AACC, Dr. Walter Bumphus, is working to improve relations between AACC and the Urban League and Mr. Burke has shared with him our local efforts.

Mr. Burke reported that at the May meeting of the Board there was a motion and approval for extending the President's contract by one year. Further, Mr. Burke explained that rather than make amendments to the existing contract, an Amended Contract was created for ease of future reference. Mr. Burke thanked Mr. Lang and Ms. Gardner for their assistance with the facilitation of the contract and requested that a copy be sent to all trustees via their weekly mail packet.

Mr. Burke noted that the July meeting will be the Annual Organization Meeting, at which the Trustees will elect a new chair and vice-chair. He further noted that even though there are four pending trustee reappointments, it is important to move forward with the election. Mr. Burke expressed his hope that Mr. Brett would be amenable to serving as the new Board chair. Further, he reminded the Board that, per discussion held with Dr. Law during his hiring interview, the President will play no role in the election process.

Mr. Johnston raised the question as to whether the Board is required by law to elect a vice-chair at this time. Mr. Burke called on Mr. Lang, who noted that a Board rule stipulates we will elect a vice-chair and details the duties of a vice-chair. Mr. Burke stated that, having served on several national boards, he has observed that rotation of officers creates a stronger, more positive board. Mr. Burke gave credit to Mr. Johnston for suggesting changes to the election process some 10 years ago that allowed SPC Board officers to rotate.

Ms. Bilirakis expressed appreciation for the recent event at Tarpon Springs to honor Dr. Law's one-year anniversary at the College. She commended the staff who worked to assemble the voluminous Board packet, recognizing the amount of work that went into the project. She also thanked Dr. Law and Mr. Burke for their leadership during the past year.

Mr. Brett commended Mr. Burke for arranging the anniversary dinner for Dr. Law; Mr. Burke thanked Deborah Boyle for her assistance in planning the event.

Mr. Johnston also expressed his appreciation for Dr. Law's surprise dinner and the chance to interact with College family. He then reported on an SPC class he attended, Religion and Politics, taught by Dr. Chuck Jones. Mayor Bill Foster was the guest lecturer and

shared how he reconciled religion and politics in his position. Mr. Johnston stated he was impressed with the questions asked by the students and encouraged Board members and Cabinet to take advantage of the opportunity to attend some classes and keep in touch with our student body.

<u>11-119</u>. The minutes of the Regular Meeting of the Board of Trustees of St. Petersburg College for May 17, 2011 were presented by the chairman for approval. Mr. Brett moved approval of the minutes as submitted. Mr. Johnston seconded the motion. Mr. Johnston voted aye; Mr. Burke voted aye; Mr. Brett voted aye; and Mrs. Bilirakis voted aye. Motion carried.

<u>11-120</u>. Under Monthly Reports, Chairman Burke requested a report of any new business from Board Attorney Lang or Acting General Counsel Suzanne Gardner.

Mr. Lang shared that the College received word it should receive a "no further action necessary" letter in regard to the acquired church property adjacent to the Clearwater Campus.

Ms. Gardner demonstrated recent enhancements to the Board of Trustees web site; Mr. Burke expressed appreciation for the updated site.

<u>11-121</u>. Chairman Burke called upon designated provosts and the Faculty Senate President to share their monthly reports.

Mr. J.C. Brock, Campus Executive Officer, Allstate Center, featured the site's summer events, including multiple-day camps and single-day activities. New this year will be a tracking system to follow up with students interested in Allstate's programs and invitations to these students to visit the Allstate Center.

Dr. Phil Nicotera featured "What's New in Healthcare Education." He noted that the biggest trend in healthcare is infusion of technology, or Healthcare Informatics. SPC was the first college in Florida to offer a certificate and degree in this government-mandated field. Ms. Bilirakis noted there is resistance from doctors in switching to electronic healthcare records.

Dr. Karen White, Provost, St. Petersburg/Gibbs Campus (SPG), featured highlights of the College of Computer & Information Technology as it appears at SPG, including student enrollment in each of the certificate and degree programs and our state-of-the-art computer labs. She shared related anecdotal student and faculty highlights and acknowledged the leadership of Sharon Setterlind, Dean, College of Computer and Information Technology; and Nancy Russell, Academic Department Coordinator, College of Computer and Information Technology.

Mr. Burke welcomed and recognized faculty members in attendance and then called on Dr. Maureen Mahoney, Faculty Senate President. Dr. Mahoney reported on recent FGO accomplishments, including virtual office hours, professor emeritus status, expanded afterhour access to campuses, peer observation, a Sharepoint site for sharing ideas and information, the Faculty Compensation Plan, and a general increase in faculty involvement. Dr. Mahoney

attributed the success of these initiatives to the support of the Board and Dr. Law's leadership. Mr. Johnston commended Dr. Law for his leadership in giving the faculty a stronger voice.

(Information regarding these reports is included as **Attachment**  $A - \underline{11-121}$ .)

<u>11-122.</u> Mr. Burke recognized Mr. David Klement, Executive Director of the St. Petersburg College Institute for Strategic Policy Solutions. Mr. Klement announced the July 1 formal dedication luncheon for the Institute, at which Congressman C.W. Bill Young will be the keynote speaker. Mr. Klement encouraged Board and Cabinet members to attend the event. Mr. Burke thanked Mr. Klement for his leadership and expressed his appreciation for the front-page coverage of the Institute in *The Seminole Beacon*.

<u>11-123.</u> Under New Business, the President presented information under Item VII-A, Student Success and Achievement.

Dr. Law commented on two areas of new legislation that are strongly impacting SPC and its students – Bright Futures and Gainful Employment. He then introduced Mr. Michael Bennett, Associate Vice-President, Financial Assistance Services, who presented an executive overview of new requirements for these programs.

Mr. Bennett outlined the new requirements students will be required to meet to receive a Bright Futures Scholarship, addressed rumors regarding program changes, and noted the steps SPC has taken to notify and assist parents and students with the changes. Dr. Law added that higher requirements such as ACT/SAT scores will make the program more effective. Of note is that the changes will be effective for Summer Term.

Mr. Burke called for questions from the Board:

Mr. Burke inquired regarding the College's liability for repayment to the state of funds for students not meeting program requirements. Mr. Wayne Kruger, Director, Financial Assistance Operations, responded that the College is responsible for collecting these funds from students and assumes the liability for repaying the state.

Ms. Bilirakis asked for clarification of the FAFSA requirement. Mr. Bennett confirmed that Bright Futures now requires applicants to submit a FAFSA application.

Mr. Johnston inquired regarding the probability of Bright Futures becoming a need-based program. Mr. Bennett responded that there is a strong probability that this rumor is a possibility.

Mr. Brett asked for confirmation that 80 percent of the College's Bright Futures students would qualify for Bright Futures if the program becomes need-based. This information was affirmed by Mr. Bennett.

Mr. Johnston related a conversation with a student who was affected by Bright Futures changes and asked what the College is doing to counsel students regarding applying for student loans and the responsibilities for repaying the loans. Mr. Bennett indicated the College has literature and videos and will soon offer a suite of services such as financial aid literature, loan counseling, and services for students who are delinquent on their loans. Dr. Law added that

the College is taking this issue seriously. The college's registration site has been updated to clarify financial aid information for students and parents.

Mr. Burke noted that Pinellas County Legislative Delegation meetings will begin in September and that time to meet with delegates regarding Bright Futures is very short. He inquired as to whether the Association of Florida College Presidents is developing position papers that include trustees' concerns. Dr. Law replied that currently the final bills are being signed by the governor and Bright Futures is a continuing discussion. He indicated he will obtain updated information and bring a report to the Board at the July meeting. Mr. Burke suggested that a one-page paper with bulleted talking points would be very helpful to trustees as they meet with legislators. Mr. Johnston suggested trustees schedule one-on-one meetings with delegates to discuss Bright Futures issues. Mr. Burke called on State Senator Dennis Jones, who recommended that SPC Board members give a presentation at the meeting. Mr. Burke requested that Ms. Kim Corry, Board Clerk, send details of the meeting to trustees via their weekly mail packet.

Mr. Bennett gave an overview of legislative changes to the Gainful Employment Rule that included a definition, new disclosure requirements for web sites, indicators by which Gainful Employment will be measured, penalties and enforcement, and new programs. Mr. Burke commented that though a great deal of work will be required for compliance, the College should applaud these changes, as they will greatly benefit public institutions. He added that these changes are targeted at for-profit institutions that have been overpromising and not delivering to students. Dr. Law concurred, noting the College must be true to its students.

(Mr. Gibbons arrived during this presentation)

(A copy of this slide presentation is included as **Attachment B** –  $\underline{11-123}$ .)

<u>11-124.</u> The Board considered Items VII-B.1-B.2 under Bids, Expenditures and Contracts (through Purchasing). Mrs. Bilirakis moved approval. Mr. Brett seconded the motion.

Under Item VII-B.1, Mr. Johnston expressed concern regarding Progress Energy's rising costs. Mr. Burke called on Ms. Susan Reiter, Director, Facilities, to respond. She shared the challenges the College faces in containing energy costs. As new and remodeled buildings are brought online, the requirements for meeting new standards can result in higher energy costs. She added that older facilities and portables are responsible for higher consumption of energy. Ms. Reiter noted that the College has two LEED Gold buildings and will have another soon. As part of this program, the College has put in place high-level energy management control systems and SPC, in fact, trains other colleges in energy conservation. Ms. Reiter indicated she has shared with Dr. Law the College's overall energy conservation plan and initiatives and would be happy to discuss these with the Board at a future date. Ms. Reiter further noted that Progress Energy had indicated the College would experience some energy cost reduction this past spring; however, this was not the case. In the coming year we hope to see no more than a 9 percent increase in costs.

Mr. Gibbons voted aye; Mr. Johnston voted aye; Mr. Burke voted aye; Mr. Brett voted aye; and Mrs. Bilirakis voted aye. Motion carried.

Fiscal 2012 reflects a three percent increase in cost for all affected utilities, except electricity, petroleum and telecom, based on the anticipated air conditioned square footage changes of the following buildings:

- > TS-College of Education (6 months) 43,464 gsf
- > SEM- Veterinary Technology (12 months) 32,768 gsf
- > CL- Church (12 months) 3,000gsf
- ➤ HEC Annex -1<sup>st</sup> Floor (12 months) 12,500 gsf
- ➤ HEC Annex -Top Floors (12 months) 16,125 gsf (unoccupied conditioned space)
- ➤ Demolition of CL Teaching Auditorium (12 months) 6,111 gsf
- ➤ Demolition of HEC Veterinary Technology building (6 months) 20,873 gsf

The nine percent increase in electrical cost is reflective of additional consumption cost associated with gross square footage changes as well as a Progress Energy-projected utility cost increase of up to 12 percent for the next fiscal year. Progress Energy and Duke Power went through a merger in early January and, while the merger has been seamless to its customers, the utility company is currently awaiting approval on rate increases. Progress Energy comprises 86 percent of the utility cost expenses, excluding telecom and petroleum for Fleet Services.

The estimates of city and county utilities do not reflect storm water payments, as the College is exempt from these fees.

\*The increase of 6 percent for Time Warner Communications' estimated expenditure is due to the addition of the new Veterinary Technology facility.

Doug Duncan, Senior Vice President, Administrative/Business Services & Information Technology; Susan M. Reiter, Vice President, Facilities Planning & Institutional Services; and Jim Waechter, Director, Facilities Services, recommend approval of Items 1-11. Doug Duncan, Senior Vice President, Administrative/Business Services & Information Technology, recommends approval of Items 12-15.

<u>11-125</u>. The Board considered Items VII-C.1-C.3 under Other Expenditures and Contracts. Mr. Brett moved approval of Items VII-C.1-C.3, with correction to Item VII-C.2 as noted. Ms. Bilirakis seconded the motion.

Under Item VII-C.1, Follett Higher Education Group – Renewal of Agreement for Bookstore Management Services, Mr. Johnston proposed an alternate motion extending the Follett contract for six months rather than one year. Mr. Burke called on Dr. Law for a report and recommendation. Dr. Law cautioned that this must be a very deliberate and well-thought-out process, as there are only a few companies large enough to consider our account. Dr. Law stated the College should not allow a disgruntled employee to influence this decision. Further, this change should not be made mid-year but should be carefully researched and a decision reached by this time next year. Dr. Law stated he would bring a recommendation to the Board in January 2012. Mr. Johnston withdrew his alternate motion but requested this be addressed as quickly as possible. Mr. Burke commended Mr. Johnston for his vigilance on this topic and requested that staff continue to work with Mr. Johnston in his capacity as Board representative for matters relating to the Follett contract.

Under Item VII-C.2, TW Telecom, Inc. - Internet and Network Services, a revised version of Item VII-C.2, TW Telecom, Inc., was distributed previously to correct the \$377,100 "per month" reference to "per year."

Under Item VII-C.3, WorkNet Pinellas, Inc—Training Agent Agreement Extension, Mr. Burke expressed appreciation for the relationship between the College and WorkNet and asked the President to comment further, and also asked that Dr. Law comment on Item VII-D.1i, Workforce Florida, Inc., Florida Department of Commerce – Quick Response Training Program, as the two items are related.

Dr. Law explained that WorkNet Pinellas is an umbrella organization through which federal funds flow to local boards and the community. Several of SPC's grants for work with local employers resulted from the College's identifying employer needs and submitting funding requests through WorkNet. Requests are considered by the WorkNet Board of Directors and, if approved, funding is disbursed. Dr. Law noted that private providers surpass SPC in obtaining grants, as the College heretofore has not have sufficient products to submit. The new certificates the College is offering will make us more competitive. Dr. Law further commented on the large grant the College has received for the first time with Tech Data, through WorkNet. Mr. Burke asked for clarification of the process and recognized Mr. Jim Connolly, Director, Corporate Training, who spoke regarding the Quick Response Grant. The award is approximately \$960,000 and funds flow through Tech Data after training is provided. The College submits paperwork detailing what it can offer an employer, who then makes a decision as to a provider.

Mr. Gibbons shared his belief that community colleges should be the vehicle for training in communities and should receive a much larger share of workforce funding. He stated SPC is well-qualified to provide the training and the College should be more proactive in obtaining funding. He further suggested that local workforce boards are able to send people back to work faster – hiring locally rather than from the outside – than the U.S. Department of Labor. Dr. Law expressed appreciation to Mr. Connolly and Dr. Stan Vittetoe for their efforts in this area.

Mr. Gibbons voted aye; Mr. Johnston voted aye; Mr. Burke voted aye; Mr. Brett voted aye; and Mrs. Bilirakis voted aye. Motion carried.

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

**SUBJECT:** Follett Higher Education Group—Renewal of Agreement for Bookstore

**Management Services** 

Authorization is sought to renew the agreement with Follett Higher Education Group (Follett) for an additional year commencing July 1, 2011 and continuing through June 30, 2012.

The Board previously awarded Follett Higher Education Group the Agreement for its Proposal #09-03-04. The existing contract with Follett includes one (1) two-year and one (1) one-year renewal option based upon satisfactory service, consideration and mutual agreement between the parties. Follett has responded positively to the College's request for a one-year renewal. This renewal period gives the College an opportunity to explore various options in the textbook and etext publishing and distribution marketplace and to request proposals from vendors that may result in more affordable textbooks. It is anticipated that the College will proceed with the competitive solicitation process during this academic year and will bring competitive proposals for consideration and recommendation to the Textbook Affordability Taskforce and the Board next spring.

Based upon the continuing commitment of Follett to the College, it is recommended that the College enter into a one-year agreement with Follett rather than the last two-year option to seek alternatives in the rapidly changing e-text market environment.

Suzanne L. Gardner, Acting General Counsel; Doug Duncan, Senior Vice President, Administrative/Business Services & Information Technology; Theresa Furnas, Associate Vice President, Financial & Business Services; and Paul Spinelli, Director of Procurement and Asset Management, recommend approval.

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

**SUBJECT:** TW Telecom, Inc.—Internet and Network Services

Authorization is sought to enter into a three-year Agreement with TW Telecom, Inc. to provide internet and Wide Area Network/Voice services to the College through June 30, 2014. The total cost for the services covered by this Agreement, which includes some but not all internet services, will be approximately \$350,232 per year or \$1,050,696 for the entire three-year period, plus \$4,000 per year depending on unforeseen taxes and fees if they apply. This represents a small savings in costs that St. Petersburg College paid for the previous contract that ends June 30, 2011. The new Agreement will provide significant necessary bandwidth increases for the Midtown Center, Clearwater Campus, St. Petersburg/Gibbs Campus, Seminole Campus and collegewide internet access. Additionally, the Agreement provides for data and voice services for the new Vet Tech site. TW Telecom has waived all installation charges.

TW Telecom was chosen to continue to provide the above services to St. Petersburg College due to its superior network design that provides SPC with two private fiber optic rings and redundant fiber entrances to key SPC sites. In addition, TW Telecom provided the best overall price. A competitive quote was obtained from Bright House Networks in the amount of \$377,100 per year plus \$11,000 in installation for a total of \$1,142,300 over three years.

#### **Background:**

The current provider of internet and Wide Area Network services for the College is TW Telecom Corporation. TW Telecom has been the primary provider of SPC internet and wide area network services since November 2007.

Internet services include access to and from the public internet for SPC students, staff and faculty. Wide Area Network services include all of the data network services that connect all SPC campuses together into one data communications network.

**SUBJECT:** WorkNet Pinellas, Inc.—Training Agent Agreement Extension

Approval is sought to extend the Agreement with WorkNet Pinellas, Inc. whereby WorkNet will continue to provide funding for certain training of eligible individuals under Title I of the Workforce Investment Act and other special project training funds to St. Petersburg College as the Training Agent for payment of tuition, fees, materials and supplies, etc.

Under the terms of the current Agreement, the College provides training to those eligible individuals sent to SPC by WorkNet staff working in the One Stop Centers for WorkNet Pinellas in Pinellas County. The Board previously approved this Agreement to continue through June 30, 2011 with an anticipated revenue for training services during fiscal year 2010-11 of approximately \$250,000. To date, approximately \$186,000 in revenue has been received for this period.

The extension Agreement will commence as of July 1, 2011 and is anticipated to continue through September 30, 2011, based on renewal conditions and/or unless cancelled by either party. The approximate revenue during the extension period is anticipated to be \$62,500.

<u>11-126.</u> The Board considered Items VII-D.1a-D.1i, Applications for and Acceptance of Grants/Restricted Funds (if awarded). Mr. Gibbons moved approval. Mr. Johnston seconded the motion.

Mr. Burke requested that Mr. J.C. Brock comment on Item VII-D.1e, a grant proposal for a "Community-Based Violence Prevention Demonstration Program," which is a

partnership with the city of St. Petersburg. Mr. Brock shared that this summer program is a great opportunity for the College to partner with St. Petersburg and the Juvenile Welfare Board in a program similar to the College's ICORP program. Mr. Brock stated he is hopeful there will be funding for the next three years. The city will be the lead and will operate the program through its recreational department. The College will be the facilitator for creating training and partnership opportunities, bringing in the Pinellas County School Board through its Criminal Justice magnet school. Students in the summer program will be tracked and those who show interest will be engaged throughout the school year. Mr. Burke asked how students will become involved in this program and the ages of students participating. Mr. Brock responded that the hope is that this will be a privilege for sixth through eighth graders. Those who perform well during the year at their respective schools and recreational programs will be offered an opportunity to participate in the summer program. Mr. Burke expressed his appreciation and noted this is a very tangible way for the College to get involved and give back to the community.

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

**SUBJECT:** Florida Department of Education—College Reach Out Program

Confirmation is sought to accept a grant award that was submitted, subject to Board of Trustees' approval, to the Florida Department of Education to receive approximately \$595,173 to conduct the College Reach Out Program from September 1, 2011 through August 31, 2012. Permission is also sought to enter into any necessary agreement(s) and to accept funding, if awarded. The goal of the College Reach Out Program (CROP) is to provide academic support services and enrichment programs to middle and high school students who have the potential to complete college but may not have the skills and/or knowledge necessary to do so without additional support.

The Tampa Bay Consortium, now in its 19th year, consists of the University of South Florida; Hillsborough Community College; State College of Florida, Manatee-Sarasota; and St. Petersburg College. St. Petersburg College serves as the fiscal and tracking agent for the Consortium and oversees the entire funding awarded the Consortium. The Consortium has applied for \$595,173 for 2011-12. St. Petersburg College's portion of the request is \$150,548.

The Consortium will use the funds to provide support and academic services to low income, educationally disadvantaged students in grades 6-12. CROP's goal is to increase the number of such students, particularly minorities, who will qualify for and complete postsecondary education.

The College is required to match 50 percent of the total amount awarded to SPC (i.e., 50 percent of \$150,548 or \$75,274). The cash match requirement is satisfied with the combination of \$64,222 in institutional cash match and \$11,052 in other salary related cash contributions. Additionally, the College will also provide in-kind contributions in the amount of \$44,805. See attached Information Summary for additional information.

**TO:** Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

**SUBJECT:** U.S. Department of Justice, Office of Juvenile Justice and Delinquency

Prevention – Community-Based Violence Prevention Demonstration Program

Confirmation is sought for a proposal that was submitted by the City of St. Petersburg to the U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention whereby St. Petersburg College will be part of a collaborative partnership locally that will support the implementation of a Community-Based Violence Prevention Demonstration Program. Permission is also sought to accept funding for this proposal and enter into any agreements as necessary, if awarded.

The City of St. Petersburg proposes to develop and implement a services integration model focused on high-risk youth designed to change attitudes and behaviors that lead to violence. This program will concurrently expose approximately 5,000 residents who live in four focus neighborhoods to make better life choices. These changes will in turn strengthen families and lead to a decrease in the conditions that support violence. As part of this proposal, SPC will provide a College representative to serve on the Program Advisory Council and will provide SPC's Public Safety Camp for youth who live within the four targeted St. Petersburg neighborhoods as identified in the grant. St. Petersburg College will also develop and/or modify curriculum and deliver training as identified by the community assessment.

The period of performance will commence approximately October 1, 2011 and end September 30, 2014. Anticipated revenue to the College will be a total of \$195,000. See attached Information Summary for additional information.

Suzanne L. Gardner, Acting General Counsel; James C. Brock, Campus Executive Officer; and Eileen LaHaie, Executive Director, Center for Public Safety Innovation, recommend approval.

<u>11-127.</u> The Board considered Capital Outlay, Maintenance, Capital Improvement Plan, Renovation, and Construction Items VII-E.1-E.7, and the reordered VII-E.9. Mr. Gibbons moved approval of these items. Mr. Brett seconded the motion.

Ms. Susan Reiter, Vice President of Facilities Planning & Institutional Services, gave the Proposed CIP Presentation as an overview of priority projects planned for each campus. Dr. Law noted the plan should reflect the Board's guidance and leadership as to where the money will be spent for the immediate future.

Dr. Law noted there is new ownership of properties across from the Bay Pines site and a range of new interests. He stated it is a great opportunity for some hands-on training in the area of Marine Science. Mr. Burke noted this could be a multiple-use site. The city has asked the developer for a hotel, and there will most likely be professional, retail and residential space as well. Ms. Reiter stated there is a meeting scheduled with the Seminole City Manager which will provide an opportunity to advance this discussion to the next level.

Dr. Law noted the library on the Clearwater Campus is potentially the biggest facilities challenge the College faces and has been moved up on the priority list. Mr. Burke noted the placement of the library on the campus is inadequate. Ms. Reiter shared that there are some future possibilities for the library as the College has acquired the church property across from the campus and has had some discussion with the city regarding a joint-use library. Mr. Burke encouraged further discussion and Dr. Law indicated the topic would be revisited by the College and city officials.

Ms. Reiter clarified for Mr. Burke that there will be some type of retail space on the ground floor at the Downtown Center, as the building is in a redevelopment district, per the city. Mr. Johnston asked whether the College, as an academic institution, could ask for an exemption. Ms. Reiter stated it is the College's desire to have food service and a bookstore in the building and does not see a problem with the requirement.

Mr. Burke expressed concern regarding the high cost of renovations to the old JWB building near the Health Education Center. Mr. Michael Carter, Director, Design & Construction Planning, explained that the funds requested indicate the worst-case scenario – having to totally renovate the building. Actual costs are expected to be much lower than those quoted.

Mr. Gibbons inquired as to whether chiller plants could be shared by some of our sites. Ms. Reiter explained that the distance between most of our buildings prohibits sharing. However, the JWB and EpiCenter Services buildings do share a chiller.

Mr. Johnston inquired as to whether the Midtown property will be given to the College, and Ms. Reiter confirmed that the city was currently putting mechanisms in place to transition the land to the College for a nominal annual fee. Mr. Johnston further inquired as to whether Ms. Reiter visualizes any direct tie to the Johnnie Ruth Clarke Building. Ms. Reiter stated she and Mr. Carter had met with Pat Mabe, president and CEO of the Johnnie Ruth Clarke Health Center, to discuss the project, as it will impact their parking, retention pond, etc. Further, SPC has joint facilities they may be able to use and has asked their Director of Facilities to sit on the committee to select an architect for the project. Ms. Reiter also confirmed for Mr. Johnston that the funding amount in the CIP would be adequate for this project. Mr. Gibbons shared that he recently spoke with the Speaker of the House and Lieutenant Governor regarding some of SPC's projects, and they expressed excitement for helping the College obtain legislative funding. Dr. Law urged listing these projects and lobbying aggressively for funds.

Mr. Gibbons inquired of State Senator Dennis Jones about the possibility of obtaining mitigation grants from DCA funds for construction of buildings that could double as hurricane shelters. Senator Jones indicated it is still a possibility but would need to be discussed with the new governor and his staff. He noted State Sen. Mike Fasano was relatively successful with obtaining such funds for Pasco County.

Mr. Gibbons voted aye; Mr. Johnston voted aye; Mr. Burke voted aye; Mr. Brett voted aye; and Mrs. Bilirakis voted aye. Motion carried.

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

**FROM:** William D. Law, Jr., President

**SUBJECT:** 2010/11 Sanitation, Casualty and Safety Inspection Report

Florida Statutes, Chapter 1013, Educational Facilities requires that all educational facilities be inspected at least once during each fiscal year to determine compliance with the fire safety, casualty safety, and sanitation standards prescribed in the *State Requirements for Educational Facilities* and *Florida Fire Prevention Code*. The purpose of this annual inspection of existing facilities is to provide for the reasonable safety, comfort, and health of occupants in educational, auxiliary, and ancillary facilities.

Loss prevention specialists from the Florida Community Colleges Risk Management Consortium (FCCRMC) conduct an annual inspection of the College. All deficiencies found during the inspection are reported to the College on the attached inspection report forms.

The column titled <u>"Prior Times Cited"</u> indicates whether the deficiency was cited this year or during a previous inspection. In order to provide a plan for correction of the deficiencies, target dates are established for correction of the deficiencies. These are noted on the inspection report under the column <u>"Deficiency Corrected By."</u> Items that have been corrected following the inspection are listed as "Date Deficiency Corrected" followed by the date when the deficiency was corrected. The column titled <u>"Master Code Violation Number"</u> indicates the violation code number listed on the "Violation Master Code" in Schedule A to Rule Chapter 69A-58 of the *Florida Fire Prevention Code*.

Florida Statute Chapter 1013 and the *Florida Fire Prevention Code* require the report to be approved by the Board of Trustees. A copy of the report must also be submitted to the Division of State Fire Marshal to use in completion of an annual report to the Governor, Commissioner of Education and the House and Senate Education Committees. **Therefore, approval is sought by the Board of Trustees for the attached 2010/11 Sanitation, Casualty, and Safety Inspection Report.** 

Doug Duncan, Senior Vice President, Administrative/Business Services & Information Technology; and Susan Reiter, Vice President, Facilities Planning & Institutional Services; recommend approval.

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

**SUBJECT:** Draft Capital Improvement Program (CIP) for FY 2012-2013 through 2016-

2017

The Capital Improvement Program (CIP) is the process through which the College receives construction allocations from the Public Education Capital Outlay (PECO) Fund. Each community college and university is required to annually submit a five-year plan for its capital outlay needs. The first three-year period of the plan is the source from which the State Board of Education prepares its funding request list that it then submits to the Legislature.

Projects must be recommended on a Board-approved and a State-validated Educational Plant Survey or Spot Survey to be included on the annual CIP and obtain PECO funding. This Survey is the list from which the College selects its priorities for the annual CIP. Our current Survey will expire at the end of Fiscal Year 2011-2012. A new Survey will be prepared over the next Fiscal Year.

The deadline to submit the CIP to the Division of Community Colleges is August 1, 2011. The CIP information will then be tabulated, submitted and approved by the State Board of Education, to be included in the 2012-13 Fixed Capital Outlay Legislative Budget Request.

The CIP is divided into three categories:

- **Renovation** the general upgrade of an existing facility with <u>no</u> change in use (e.g. new lighting, carpeting, roof, heating, ventilating and air conditioning, and compliance with the Americans with Disabilities Act) and site improvements
- **Remodeling** the changing of an existing facility by rearrangement of space, use (e.g. offices to classrooms) or exiting
- New Construction Design and Construction of new facilities including site acquisition

This year we have listed our top five priorities based upon keeping existing/new projects moving forward with maximum flexibility:

- 1. General Renovation/Remodeling of Roofs, HVAC, ADA, Utilities, Site Improvements Collegewide
- 2. Construct Marine Science Labs/Classrooms and Site Improvements, Utilities at Bay Pines
- 3. Construct Library Building, Site Improvements, Clearwater Campus
- 4. Construct Student Support Services and Classroom Building, St. Petersburg/Gibbs Campus

5. Construct Student Support Services and Classroom Building, Midtown Center

In addition, we have listed on the CIP all remaining projects on our current Survey.

As we move forward over the next year with our collegewide master planning and planning for our next five-year Facilities Survey, we will be better able to identify the next phase of projects and priorities for next year's CIP.

In addition, we have included projects and funding amounts listed on the Facilities Enhancement Challenge Grant (FECG) requests over the last several years. The Office of Educational Facilities has requested that the projects be put back on the CIP list as part of this year's submittal.

The draft Capital Improvement Program is provided today for your review and approval to then proceed with the development of the final Capital Improvement Program as discussed today and which will be brought back to the Board at its July meeting.

Doug Duncan, Senior Vice President, Administrative/Business Services and Information Technology; and Susan Reiter, Vice President, Facilities Planning and Institutional Services, recommend approval.

- (c) The capital outlay projects described above shall have priority for financing in the order state above, the same being the order of priority of needs of said capital outlay projects as shown in said survey heretofore referred to, and there being no other capital outlay projects for said District, as shown on said survey, having a higher order of priority of needs.
- (d) It is anticipated that all of the proceeds of the Capital Outlay Bonds issued on behalf of the District by the State Board of Education pursuant to Section 2 hereof will be spend by the District within three years from the issuance date of such bonds to pay the costs of the capital outlay projects described above or such other projects as herein authorized.

SECTION 2. This Board does hereby request the State Board of Education to issue Capital Outlay Bonds for and on behalf of the Board pursuant to the School Capital Outlay Amendment, for the purpose of financing the cost of the capital outlay projects described in Section 1(b) hereof. The Capital Outlay Bonds shall have such date or dates of issue and date or dates of maturity; shall have such provisions for redemption prior to maturity, with or without premium; such place or places of payments; and such other details as the State Board of Education shall in its discretion determine, and the Capital Outlay Bonds shall be sold by the State Board of Education in the manner provided by said School Capital Outlay Amendment and the proceeds thereof shall be applied to the financing of the capital outlay projects described in Section 1(b) hereof in the manner required by and as provided in the rules and regulations of the State Board of Education now existing or hereafter adopted.

SECTION 3. This Board does hereby agree and consent that it will fully comply with and abide by all rules, regulations, and orders of said State Board of Education now in existence or hereafter at any time made relative to the financing of the capital outlay projects; the application of the proceeds of the Capital Outlay Bonds; and the acquiring, building, constructing, altering, remodeling, improving, enlarging, furnishing, equipping, maintaining, renovating, or repairing of said capital outlay projects; and all other matters relating thereto.

SECTION 4. SECTION 5. In the event that the priority of needs of capital outlay projects of the District as shown on said survey shall be hereafter changed upon the request of this Board and with approval as required by the State Board of Education, then the proceeds of such Capital Outlay Bonds may be used for the capital outlay projects having the highest priority of needs instead of the capital outlay projects described in Section 1(b) hereof, in the manner provided in the School Capital Outlay Amendment and under such rules and regulations now existing or hereafter made by the State Board of Education.

SECTION 6. In the event the interest rates prevailing in the market place at the time the Capital Outlay Bonds are authorized for sale by the State Board of Education would not permit compliance with the parity test set forth in this application bond resolution and the coverage requirements set forth in Article XII, Section 9, Subsection (d) of the Constitution of the State of Florida, the Board hereby requests and authorizes the State Board of Education to issue a lesser principal amount of Capital Outlay Bonds on behalf of the Board, which would comply with

such test and requirement at the prevailing interest rates anticipated by the Board of Education at the time the Bonds are authorized for sale by the State Board of Education, notwithstanding the authority to issue Bonds in the principal amount set forth hereinabove.

SECTION 7. The Secretary of this Board is hereby directed to forthwith file a certified copy of this Resolution with said State Board of Education and the proper officials of his Board are hereby authorized and directed to furnish any and all data, information, records, or other documents or papers as shall be required or requested by the State Board of Education in connection with this Resolution and the financing of the capital outlay projects described in this Resolution.

<u>11-129.</u> The Board considered Item VII-F, Agency Billings, and Personnel Items VII-G.1-G.4. Mr. Gibbons moved approval. Mr. Brett seconded the motion.

In regard to Personnel Items VII-G.1-G.4, Mr. Johnston stated he confirmed previously with Ms. Gardner that he has no conflict of interest that would prevent him from voting on these matters.

Under Items VII-G.3-G.4, Mr. Burke commended Dr. Law for his hard work and tremendous accomplishment in developing the 2011-2012 Salary Schedule and Faculty Compensation Plan. Mr. Burke sought additional information from the President.

Dr. Law began his report by recognizing Dr. Maureen Mahoney, Co-Chair of the Faculty Compensation Committee; the FGO; and other committee members who worked diligently to develop a plan that would be equitable for all faculty. Dr. Law then distributed data from the *Fact Book* indicating SPC faculty pay is at or slightly below average. Dr. Law stated the College should not be average but in the top echelon. Dr. Law detailed the process used by the committee to develop the new compensation plan. It included the evaluation of all faculty salaries, years of experience and degrees earned. The previous method of calculating salaries for new faculty was abolished, as it allowed new faculty to begin at higher salaries than those who had been at the College for years. Other components of the plan include a new matrix to allow proposed upward movement on the pay scale, an improved base salary to avoid excessive ECH and a 3 percent increase each year over the next three years.

Mr. Burke sought feedback from Dr. Mahoney, who shared that this process has been an amazing collaborative work resulting in a great plan that is fair, equitable and financially feasible. Faculty members are pleased and the plan will benefit future faculty members as well. Mr. Burke sought any additional feedback from committee members. Mr. George Greenlee

commented that the level of transparency in this process was far beyond anything he has experienced in the past and thanked Dr. Law for his support. Mr. Burke then affirmed that Dr. Law's job is to give policy recommendations and the duty of the Board is policy. If the matrix facilitates the policy, then Mr. Burke is fully supportive of the plan.

Mr. Johnston asked what our pay ranking would be at the end of the three-year transition period. Dr. Law explained that as existing faculty advance to higher salaries, the average would increase. However, when current faculty members retire and new faculty members are hired at lower wages, the College's average would be lower. Dr. Law stated a new matrix will be created to demonstrate how existing faculty are advancing and that this should be our focus.

Mr. Brett commended Dr. Law and faculty leadership and feels the final product is good. Under Key Concept #1, "The President would pledge his best energies to increase faculty compensation by 3 percent each year for the next three years," Mr. Brett feels this is an admirable goal. He asked for clarification on Board approval of the 2-4 percent catch-up and the fact that the Board does not yet know what this cost will be. Dr. Law stated the information would be provided via their weekly mail packets and reiterated that the funding is in the budget that the Board approved for the 2011-12 year. Mr. Burke stressed that if the funding is not received from the state due to dire circumstances, the Board could rescind approval of certain items. Mr. Lang concurred with this statement. Ms. Bilirakis commended Dr. Law and faculty for a job well done.

Mr. Gibbons voted aye; Mr. Johnston voted aye; Mr. Burke voted aye; Mr. Brett voted aye; and Mrs. Bilirakis voted aye. Motion carried.

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

FROM: William D. Law, Jr., President

**SUBJECT:** Faculty Compensation

The Board is requested to approve the work of the Faculty Compensation Committee for a three-year plan to enhance faculty salaries at St. Petersburg College.

#### **Discussion**

Over the past year, FGO Chairperson Maureen Mahoney and I have co-chaired a special Faculty Compensation Review Committee toward the end of determining what steps would be appropriate to strengthen the salary and compensation plan for St. Petersburg College faculty.

The Faculty Compensation Committee met six times from November 5<sup>th</sup> to April 29<sup>th</sup>. Meetings were wide-ranging, solutions-oriented and professionally candid at all times. Early meetings focused time and attention on key information regarding current salary structure, salary history, placement on initial hire, previous review and structural contract similarities and differences (30/36/42 ECH), and anticipated outcomes of the Committee process.

The complete report of the Compensation Committee is attached for your review and background.

In the end, the Committee recommended a plan that would allow for all of the following:

- 1. The establishment of a defined matrix point salary system that would provide reasonable assurance to faculty of how their salaries could progress over the course of a career at SPC;
- 2. The defined matrix point salary system would also provide a means for faculty to move toward the top of a salary schedule over a career at the College;

- 3. The establishment of improved base salary levels that would allow for faculty to avoid teaching excessive ECH loads for the purpose of earning compensation outside the base salary; (return to established BOT rules)
- 4. Some means of recognition that salaries for faculty at SPC had not kept pace with other institutions over the recent past.

Additional work on the following key items will need to occur at some future date:

- 1. The desire to provide a common supplemental pay rate for both lower level and upper level coursework taught beyond the base contract by fulltime faculty;
- 2. The development of a means to recognize meritorious faculty service within the salary structure;
- 3. The feasibility of eliminating or modifying the 12-month, 42-ECH contract of the faculty in the baccalaureate programs.

To achieve the four goals listed in the recommended plan, above, the College would provide modest additional compensation to faculty over the next three years beyond other annual raises that the Board might approve. The additional compensation is based on longevity with the College and would range from 2-4% each year.

These supplemental adjustments are intended to recognize that the SPC faculty salaries have not kept pace with other institutions over the recent past. As we continue to hire faculty to meet our enrollment growth and as we desire to attract the very best faculty from across the country, it is vitally important that we have the most competitive salary and compensation plan that we can structure.

We are also most fortunate that the College's financial situation remains sound despite the larger economic issues faced in our state. By making this plan a priority at this time, we can accelerate our faculty salaries toward the highest echelon, recognizing the excellence that we have established while assuring our competitiveness moving forward.

In developing a college budget, I believe strongly that you dedicate your resources to support your values. In taking this step to strengthen the compensation of the St. Petersburg College faculty, we will be demonstrating our commitment to academic excellence and support of a very meritorious faculty.

I recommend your support of the plan.

Thank you.

#### Faculty Compensation Committee Overview

The Faculty Compensation Committee met six times from November 5<sup>th</sup> to April 29<sup>th</sup>. Meetings were wide-ranging, solutions-oriented and professionally candid at all times. Early meetings focused time and attention on key information regarding current salary structure, salary history, placement on initial hire, previous review and structural contract similarities and differences (30/36/42 ECH), and anticipated outcomes of the committee process.

Eventually, the following items emerged as the key areas of focus in the committee's work:

- 5. The establishment of a defined matrix point salary system that would provide reasonable assurance to faculty of how their salaries could progress over the course of a career at SPC:
- 6. The defined matrix point salary system would also provide a means for faculty to move toward the top of a salary schedule over a career at the college;
- 7. The establishment of improved base salary levels that would allow for faculty to avoid teaching excessive ECH loads for the purpose of earning compensation outside the base salary; (return to established BOT rules)
- 8. Some means of recognition that salaries for faculty at SPC had not kept pace with other institutions over the recent past;
- 9. The desire to provide a common supplemental pay rate for both lower level and upper level coursework taught beyond the base contract by fulltime faculty;
- 10. The development of a means to recognize meritorious faculty service within the salary structure;
- 11. The feasibility of eliminating or modifying the 12-month, 42 ECH contract of the faculty in the baccalaureate programs.

The committee recognized that other issues of importance would need to be reviewed at a subsequent time, but that addressing the range of the items listed above would not permit time at present to expand further. The most prominent topic in this area is that of class size.

#### Structure

A Sharepoint website was established for the use of the committee and remains available for all interested parties to access committee documents, workpapers, meeting notes, etc. (The site is located at https://onecollegesupport.spcollege.edu/

committees groups/fcc/SitePages/Home.aspx and may be accessed by anyone with SPC email log on privileges.) Among the documents that may be most helpful to understanding the committee's final proposal is the existing salary 'matrix' that supports the placement of faculty in the salary structure. All faculty members' salaries are found at some defined point on the matrix; placement of new faculty is likewise accomplished through the structure of the matrix.

This 90-point matrix was developed in 1998 following an extensive, case-by-case review of the salaries of all fulltime faculty. The individual review provided an evaluation tool that allowed for documentation of a number of factors (degree, prior experience before joining the college, experience at the college, military service, etc.). Every individual's assessment was then used to place the individual at a point on the matrix.

Since 1998, the matrix has been used as a locator for placement of new faculty hired at the college. (A similar evaluation of prior experience is presently used for current hires, although the weights are changed from the 'one-time' form used for existing faculty in 1998.)

Although there is no consistent pattern of how faculty compensation has been increased since 1998, it is clear that the 90-point matrix was not intended to be used as a 'step' system. Rather, the matrix would be inflated by the amount of the compensation adjustment. An individual would remain on the same matrix point before and after the adjustment; the matrix point would simply be worth the new amount. (A copy of the current matrix is available at Appendix A or on the Sharepoint site.)

#### **Committee discussions**

To provide a means for considering new options, the committee investigated compensation systems at a number of Florida colleges. In the end, the compensation system at Valencia Community College garnered a great deal of interest for its comprehensiveness, its forward-looking approach, its careful structure, and the manner in which it was phased in for the faculty. In depth review of the contract was undertaken and the VCC experience guided the SPC committee to its final proposal. Key factors in the VCC plan included:

- The creation of a very competitive 30 step system for faculty salaries;
- The expectation that a faculty member would move to a higher step each year, while the schedule itself could be improved to provide some recognition of inflation, hiring competition, etc.;
- A reevaluation of faculty hiring placement (similar to that done by SPC in 1998);
- A five-year phase in of movement onto the new, 'richer' schedule;

 A means for additional compensation increases based on meritorious or superior performance.

The committee similarly invested a good deal of attention in the St. Petersburg College issue of excess ECH teaching beyond the base contract. While recognizing that the extraordinary excess loads reflected the means of earning additional compensation despite the stagnation of base contract salary, there was strong support for finding a means to improve base salaries and subsequently revert to previously established limits on excess teaching loads (as described in BOT Rule 6Hx23-2.23). A comprehensive review of the current supplemental and overload experience was undertaken (see Powerpoint Presentation by Nick Manias on the Sharepoint site) and a proposal was developed for phasing out "overload ECH" over a three year period. This process was proposed to take place concurrently with other salary adjustments so overload ECH could be eliminated while not having a negative impact on faculty members' gross income.

Attention was also given to the current status of 12-month ("42 ECH") faculty in the baccalaureate programs. The deans responsible for the baccalaureate programs were engaged in the evaluation, primarily to assist in understanding any unique characteristics of the faculty members' responsibilities that pertain to these programs.

It became clear that the 12-month positions represented 1) program needs of these 'workforce' baccalaureates often in very small (one or two faculty) programs, or 2) programmatic needs that related to the nature of field experience (College of Education, for instance). As was characteristic of so many other discussions, alternative strategies could be conceived, but the strategies often implied reduced responsibilities and reduced compensation. No such models were explored beyond cursory assessment. Additional review and assessment of this topic will need to occur in the follow up committee work. Further distillation of the non-teaching responsibilities of 12-month faculty positions is needed to determine what, if any, strategies exist for contractual change.

A strong sentiment did emerge from the discussions that the college would be well served by eliminating the two level structure of supplemental and adjunct pay. The internal competitive dynamics for supplemental teaching opportunities were perceived as unprofessional at best, destructive at worst.

#### The final proposal

After developing and evaluating a number of iterations of 'step-type' models, it appeared that the matrix currently in place could provide the most useful tool

- to improve faculty salaries,
- to transition to a step-type model, and
- to recognize the need for addressing slippage in salaries since the structural alignment accomplished in 1998.

Additionally, by committing some additional salary resources, the structure would also allow the college to reduce and eventually eliminate the overload ECH while putting those funds into an individual's base salary.

#### **Key concepts to the Committee Proposal:**

- 1. The President would pledge his best energies to increase faculty compensation by 3% each year for the next three years (2011-12, 2012-13, 2013-14);
- 2. The 3% increase would be split between moving an individual to a higher position in the matrix and by inflating the matrix; (for reference, each higher position on the matrix is approximately .5% higher than the inferior point; a 3% increase would entail inflating all points by 1.5% and then moving an individual up three points, hence an increase of 1.5%)
- 3. Faculty salaries would also be increased by further movement up the matrix reflective of years of SPC experience; specifically all current faculty would get credit for 2 additional matrix points for each year of experience at the college (a maximum of 24 additional matrix points 12 years times 2 points/year)
- 4. The additional matrix points would be phased in over the next three years.

An example of how the proposal would work follows below.

Example: A faculty member who joined the college in 2007, presently on point 19 in the Masters +30 column

- a. Annual salary adjustment three matrix points in 2011-12,
- b. three additional matrix points in 2012-13, and three additional matrix points in 2013-14;
- c. Calculated special adjustment 8 additional matrix points (4 years experience 2007-8, 2008-9, 2009-10, 2010-11);
  - 3 matrix points in 2011-12,
  - 3 matrix points in 2012-13, and
  - 3 matrix points awarded in 2013-14

- The plan would be implemented at the start of a faculty member's contract year (August 1st for 12-month positions, August 12th for 36 and 30 ECH positions);
- Pay for Supplemental and Overload ECH will rise by 3% each year for the next three years.
- The ECH restrictions will be phased in beginning in the 2011-12 academic year. Specifically, the overload ECH will be eliminated during the following terms.
  - 2011-12 Spring 2012;
  - 2012-13 Fall 2012
  - 2013-14 Summer 2014

• Fall 2012 will be restricted in the 2012-13 year and Summer 2012 will complete the plan in Summer 2013.

Considerations included in the Committee proposal:

- After the three year transition period, a subsequent committee can evaluate how best to move to a more long-term matrix point or step system;
- During the transition, additional points at the top of the matrix will be added in order to assure that no faculty member is 'topped out' during the transition;
- Work will commence next Fall to craft a plan for recognition of meritorious performance as a means for faculty to enhance their base salary;

The Proposal does not address:

Moving to a uniform rate schedule for both lower and upper level courses;

- Matters relating to class size
- Matters relating to workload issues

#### **Moving Forward**

The following appear to be the next steps in moving the proposal to implementation:

- Communicate document to all faculty for review and discussion
- Organize information sharing/Q&A sessions on sites
- Confirm each individual's location on the salary matrix
- Confirm each individual's full-time hire date for this calculation
- Confirm each individual's three year proposed compensation plan
- Present plan to BOT for their support (ASAP)

#### After the beginning of the Fall Semester

- Establish a follow up committee;
- To evaluate implementation;
- To identify plan to create meritorious recognition opportunities;
- Determine feasibility (financial) of moving toward unified supplemental rate for all instruction:
- To review further the 12-month faculty contract responsibilities.

I. POLICY

Harassment constitutes discrimination on the basis of race, color, religion, sex, age, national origin, marital status, sexual orientation, gender identity or disability and is a violation of this Rule. The College shall not tolerate such conduct. Any employee or student who is found to have violated this Rule shall be disciplined and such discipline shall range from one or more of the following: counseling, attendance at a harassment seminar, written admonishment, suspension or dismissal.

- A. St. Petersburg College maintains a professional work and academic environment wherein all students, staff, faculty and other members of the Collegiate Community are treated with respect and dignity. The goal of the College is to provide an academic and institutional climate that is free of harassment.
- B. Forms of harassment that are encompassed by this procedure include harassment based on race, color, religion, sex, age, national origin, marital status, sexual orientation, gender identity or disability.
- C. Harassment is specifically prohibited by state and federal law. Instances of harassment may result in both civil and criminal liability on the part of the individual harasser, as well as the supervisor and the College. The College will not tolerate prohibited harassment of its students and employees on the campus or at off campus events or programs held under the auspices of the College.

#### II. DEFINITIONS

Α. Racial harassment is defined as unwelcome conduct relating to an individual's race or color, which unreasonably interferes with an employee's or student's status or performance by an intimidating, hostile or offensive working creating environment. Harassment on the basis of race or color includes offensive or demeaning treatment of an individual, where such treatment is based typically on prejudiced stereotypes of a group to which that individual may belong. It includes, but is not limited to, objectionable epithets, threatened or actual physical harm or abuse, racial slurs, comments or manner of speaking, negative references to racial customs or other intimidating or insulting conduct directed against the individual because of his/her race or color.

- B. Religious harassment consists of unwelcome physical or verbal conduct, which is related to an individual's religion or creed when the conduct has the effect of creating an intimidating, hostile or offensive working or academic environment. Harassment on the basis of religion includes derogatory comments regarding surnames, religious traditions, religious clothing, or religious slurs or graffiti.
- C. <u>Sexual harassment</u> See Board of Trustees' Rule 6Hx23-2.011
- D. <u>Age harassment</u> consists of depriving an individual of terms, conditions, privileges of employment and other opportunities or taking adverse action against an individual because of his/her age.
- E. <u>National origin harassment</u> consists of unwelcome physical or verbal conduct, which is related to an individual's national origin when the conduct has the purpose or effect of creating an intimidating, hostile or offensive working or academic environment. Harassment on the basis of national origin includes negative comments regarding surnames, manner of speaking, custom, language or ethnic slurs.
- F. Marital status harassment consists of limiting, segregating or classifying an individual in such a way as to deprive an individual of educational or employment opportunities or otherwise adversely affect an individual because of his/her marital status. This definition does not apply where there is a conflict of interest or where it would be contrary to other law.
- G. <u>Sexual orientation and gender identity harassment consists</u> of unwelcome physical or verbal conduct relating to an individual's sexual orientation and/or gender identity when the conduct has the purpose or effect of creating an intimidating, hostile or offensive working or academic environment.
- H. <u>Disability harassment</u> consists of unwelcome physical or verbal conduct relating to an individual's disability when the conduct has the purpose or effect of creating an intimidating, hostile or offensive working or academic environment.
- III. EMPLOYEE RELATIONSHIPS:

- A. In the supervisor-instructor/staff context, the term harassment has a broader impact. The supervisor-instructor/staff relationships are professional in nature; inappropriate behavior as defined above is unprofessional and undermines the essential atmosphere necessary in the workplace. This unprofessional behavior is subject to discipline.
- B. Supervisor-instructor/staff or staff-staff relationships should at all times be professional and any conduct by an employee which unnecessarily or unreasonably creates an intimidating, hostile or offensive working environment in violation of the rights of others is inappropriate, unacceptable and is subject to discipline.

#### IV. STUDENT RELATIONSHIPS

The student-student relationship, the student-instructor relationship and the student-staff relationship should at all times be respectful of the rights of others. Conduct by a student which creates an intimidating, hostile or offensive environment violates the College's Harassment Rule and may be subject to discipline. For this purpose, staff not only includes College staff, but all employees of clinics and agencies affiliated with a College clinical program or course.

#### V. INSTRUCTOR/STAFF-STUDENT RELATIONSHIPS:

In this Section, the term "staff" shall include all College employees other than faculty/instructors.

- A. In the instructor/staff-student context, the term harassment also has a broader impact. Since the instructor/staff-student relationship is one of pofessional and client, inappropriate behavior is unacceptable because it is a form of unprofessional behavior that seriously undermines the atmosphere of trust essential to the academic setting and is subject to discipline.
- B. This Rule applies to relationships where the instructor or staff member is in a position to determine a student's grade or otherwise affect a student's academic progress or environment.
- C. This Rule is not intended to apply when an instructor is teaching in the classroom when the subject matter taught or discussed is done in a tasteful manner and is germane to the course being taught. Nevertheless, the instructor/staff-student relationship should at all times be professional and any conduct by an

instructor or staff member which unnecessarily or unreasonably creates an intimidating, hostile or offensive academic environment in violation of the rights of others is inappropriate and unacceptable and is subject to discipline.

#### VI. RETALIATION

It is a violation of this Rule to retaliate or to take reprisal against any person who has filed a complaint or who has complained about harassment based on the fact that the employee or student raised an issue about harassment to any other person, entity or human rights agency. It is also a violation of this Rule to retaliate against any person involved in the investigation (including witnesses) of a complaint.

If any reprisals or retaliatory actions occur, they should be reported immediately. Any such reports will be investigated by the college attorney or designee. Reprisals and retaliatory actions will be dealt with through appropriate disciplinary action and steps will be taken to prevent the recurrence of harassment, reprisal, and/or retaliation.

- 1. Complaints of harassment by students or employees are to be promptly reported to individuals designated by the President and published at the beginning of Session I of each year in the College's annual Supplement to the Faculty, Staff and Student Handbooks or such other publications as the President may determine. The complaint may be reported to any one of the individuals designated, regardless of what site the reporting person is associated with. The individual receiving the complaint shall promptly notify the college attorney.
- 2. Supervisors are to promptly report any conduct that may appear to involve harassment as provided herein.

3. Alternatively, complaints may be reported to the director of Equal Access/Equal Opportunity.

#### B. INVESTIGATION:

Upon receipt of a complaint, the college attorney will have the responsibility for and will direct each investigation of harassment. In directing the investigation, the college attorney may designate other persons to conduct and aid in the investigation.

Upon completion of the investigation, the results of the investigation will be submitted to the President or designee for determination of what action, if any, is appropriate. The complaining party will be advised of the results of the investigation.

#### C. RESOLUTION OF A COMPLAINT:

## 6Hx23-6.14 NAMING OF COLLEGE FACILITIES – New Rule

## I. <u>INTENT AND PURPOSE</u>

- A. The primary intent of this naming policy is to allow St. Petersburg College to honor and recognize significant contribution(s) to the College by an individual(s), both in extraordinary service to the College and/or philanthropic giving.
- B. When considering naming recommendations, it shall be the priority of the Board to advance the most essential elements of the College's mission by matching naming honors to recognize extraordinary service and contributions to the College and to consider substantial gifts, endowments or irrevocable pledges of substantial giving. In the case of philanthropic giving, the gifts and endowments being bestowed upon the College shall benefit and support the facility being named.

## II. NAMING POLICIES

- A. Naming opportunities may be extended to both physical facilities of the College such as buildings, wings, rooms, auditoriums, etc., and intangible assets such as campus centers, institutes, departments, programs, etc., in both cases to be referred to within this Rule as College facilities.
- B. The following policies shall be established regarding naming opportunities and recommendations made to the President and the Board of Trustees:
  - 1. College facilities may be named for the purpose of either honoring individuals or groups for their extraordinary service

- to the College or in recognition of a significant gift, endowment, scholarship or program support donation to the St. Petersburg College Foundation. The amount of the gift or endowment shall be commensurate with the significance placed on the naming and its prominence in the facility.
- 2. The Board may establish whether the naming of facility shall apply for the expected life of the facility or otherwise. In the event that the facility is demolished and rebuilt or is substantially renovated the Board may, at its discretion, discontinue the original name, transfer the name to a new facility, or rename the building.
- 3. Notwithstanding any naming agreement that may be in effect, the Board reserves the right to revoke the naming of a facility at its own discretion where it deems that such name, in the judgment of the Board, may subject the College
  - to public disrepute and as a result not continue to be in the best interest of the College to maintain.
- 4. The President shall appoint a standing committee of the College for the purpose of bringing forth naming recommendations as may be appropriate during any given period and as opportunities arise. The committee's composition shall be determined by the President and shall normally include representatives from the impacted campus or site, including, but not limited to, faculty, staff, and student representatives. The Vice Chair of the Board of Trustees shall also serve on the committee.
- 5. The Committee shall submit its recommendations to the President in writing for further consideration. The President shall submit his or her recommendation to the Board for its consideration and final approval.
- 6. The Board shall approve the naming of any College facility as outlined herein, with the exception of the rooms, galleries, collections and exhibits of the Leepa-Rattner Museum of Art.
- 7. <u>Upon approval of the Board the designated name shall be publicly disseminated and commemorated in signage in a</u>

manner consistent with the intent to honor those for which the facility or program is named.

Specific Authority: 1001.64(2) & (4), F.S.

Law Implemented: 1001.64(5)F.S.

History: 6/21/11. Proposed Date to Be Adopted 6/21/11. To Become

Effective - Upon Board Approval.

<u>11-131</u>. Under Item VII-I, Financial Report and Update, the president called upon Dr. Doug Duncan, Senior Vice-President of Administrative/Business Services & Information Technology, who presented the current budget status. Dr. Duncan explained that the drop in surplus was due to repayment of construction debt and the increase in costs for fall projects. Further, the College experienced a drop in revenue. This trend is expected to continue into next month, but the College should end the year with a small increase in surplus.

11-132. The Board considered Item VII-J, Uncollectible Accounts. Dr. Law presented a slide showing "Student Debt Life Cycle for Past Due Accounts." Dr. Law stated the figure is disappointing but not unexpected. He indicated the College has an aggressive system in place for pursuing debt and also has used an outside source for collections. Mr. Burke again expressed concern regarding our liability for repayment of Bright Futures funds and student loans. Dr. Law assured Mr. Burke that the Bright Futures students will repay the funds owed; otherwise they would be unable to re-enroll or receive transcripts. Mr. Burke offered his assistance, based on experience with collection firms, when the College looks at future vendors. Mr. Gibbons moved approval. Mr. Johnston seconded the motion. Mr. Gibbons voted aye; Mr. Johnston voted aye; Mr. Burke voted aye; Mr. Brett voted aye; and Mrs. Bilirakis voted aye. Motion carried.

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

**FROM:** William D. Law, Jr., President

**SUBJECT:** Uncollectible Accounts

In accordance with the State Board of Education Regulation 6A-14.078, authorization is requested to write off uncollectible accounts totaling \$890,319.54, including collection costs of \$166,894.21. These uncollectible accounts, as shown on Attachment 1, have been delinquent for more than two years and represent (.92%) of total student tuition and fee revenues. Last year's write-off (Attachment 2) represented (1.4%).

For the 2008/2009 fiscal year-end period, the write-off total decreased by 9 percent over prior year while student revenues increased 14.3 percent due to an increase in both tuition and enrollment.

Accounts receivable in 2009/2010 is trending higher, which will likely result in a 20-25 percent increase in next year's write-off due to economic conditions and a significant increase in financial aid disbursed. Payments received from previously written-off accounts have totaled over \$92,000 through May 31.

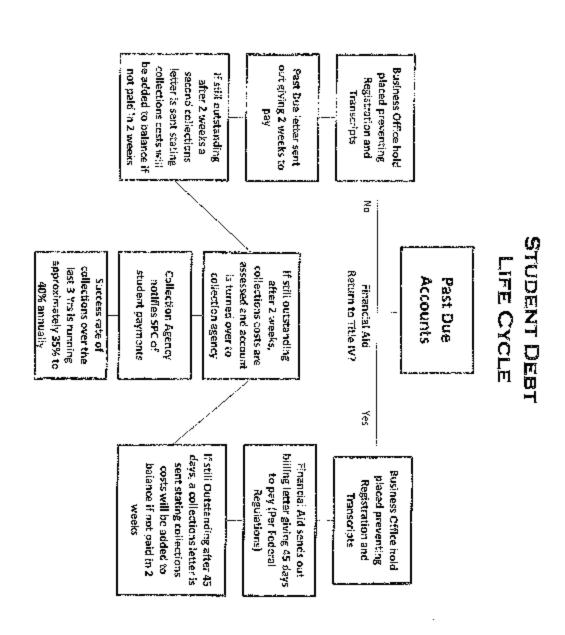

The College, working with its collection agency, has exhausted all efforts to collect, including placing all accounts with the collection agency. A "HOLD" has been placed on all student receivables, which prevents them from obtaining transcripts or registering for classes.

The totals by account, not individual student, are listed on the attached page. Also attached are write-offs for the previous year.

Doug Duncan, Senior Vice President, Administrative/Business Services & Information Technology; Theresa Furnas, Associate Vice President, Financial & Business Services; and Mike Meigs, Director of Student Accounting and Business Systems, recommend approval.

<u>11-133</u>. The Board considered Item VII-K, Direct Support Organization Collaboration; Item VII-L, Credit Curriculum; and Item VII-M, 2010-2011 Equity Report. Mr. Gibbons moved approval. Mr. Johnston seconded the motion.

Under Item VII-M, Dr. Law prefaced the discussion by stating that the Equity Report provided does not measure our heart. The College is making discernable progress in every area except one and will continue focusing efforts on enrolling and graduating African-American males as well as all males. Mr. Johnston stated he would like to see the Board encourage a change in the requirement to submit this report to relieve the College of the daunting task of compiling statistics that mean nothing at the state level. He further recommended the Board take a position and send a letter to the governor. Mr. Gibbons recommended waiting until the governor's Board appointments have been made.

Mr. Gibbons voted aye; Mr. Johnston voted aye; Mr. Burke voted aye; Mr. Brett voted aye; and Mrs. Bilirakis voted aye. Motion carried.

Information regarding these items is as follows: (A copy of the Equity Report is included as **Attachment**  $F - \underline{11-133}$ .)

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

**FROM:** William D. Law, Jr., President

**SUBJECT:** Direct-Support Organization (DSO) Collaboration between SPC Foundation, Inc.

and the Leepa-Rattner Museum of Art, Inc. (LRMA) – Gulf Coast Museum

Collection

In accordance with Florida Statutes 1004.70, the Board of Trustees must approve all transactions or agreements between one direct support organization and other direct support organizations.

Approval is sought for a transaction whereby the SPC Foundation, Inc. will transfer ownership of the majority of the works of art (with the exception of outdoor sculptures and installation pieces) from the Gulf Coast Museum of Art Collection to the Leepa-Rattner Museum of Art, Inc. for the purpose of accessioning said works into the holdings of the Museum. If approved, LRMA will assume costs for insuring the collection as well as costs related to care of the collection.

Previously, in its October 18, 2010 meeting, Agenda Item VII-K, the Board of Trustees approved the transfer of day-to-day management and collection stewardship of the Gulf Coast Collection to LRMA, while ownership remained with the SPC Foundation. The transfer of the Gulf Coast Museum Collection ownership directly to Leepa-Rattner is an important step in the museum's quest for accreditation by the American Association of Museums (AAM). While the original gift of works by Abraham Rattner, Allen Leepa and Esther Gentle are owned by the SPC Foundation, it is important for the gifts that followed and continue in the future to be owned by LRMA in accordance with the AAM guideline that a "museum" owns collections while an "art center" merely displays works owned by other entities.

Conferlete Carney, Provost, Tarpon Springs Campus; Frances Neu, Executive Director of the SPC Foundation, Inc.; and Victoria Cooke, Director, Leepa-Rattner Museum of Art, Inc., recommend approval

#### MEMORANDUM

**TO:** Board of Trustees, St. Petersburg College

**FROM:** William D. Law, Jr., President

**SUBJECT:** 2010-2011 Equity Report

Approval is sought to submit the 2010-2011 Equity Report to the Florida Department of Education, Division of Florida Colleges.

Annually, colleges and universities in Florida are required to submit a report to the Florida Department of Education documenting progress and performance on activities to assure equal opportunity for all citizens to college programs and employment. I am most pleased to provide this year's report, which is attached to the executive summary.

The report outlines the continuous progress being made by the College in all areas of interest. I am particularly pleased by our overall progress in the student area, yet I remain concerned about our inability to change the success and completion rates of African-American male students. It is clear we will need to review, refine and expand existing commitments and support programs. This item will get my full attention in the coming year.

The state reporting requirements are exhaustive; I have taken the liberty of extracting key data in both the employment and enrollment areas.

## Student Success Rates in Gatekeeper Mathematic Courses by Race:

- MAT 0024: After an initial drop, the Black-White disparity gap increased in the last year while the Hispanic-White gap decreased. In 2009-10 the White cohort had the highest success rate of the three groups with 58.6%, while Black students had the lowest rate 44.7%. In all the cohorts, the success rate was higher in 2009-10 than in 2007-08.
- MAT 1033: The Black-White disparity gap decreased steadily over the past three years, while the Hispanic-White gap fluctuated with a decrease in 2008-09 (3.0) and an increase in 2009-10 (-2.5). Although the gap increased, it is still below what was reported in 2007-08 (-3.8). In 2009-10 the White cohort had the highest success rate of the three groups with 53.3%. The Black cohort had the lowest success rate with 41.7% very similar to 2008-09, but more than a 10% increase over 2007-08.

- MGF 1106: Both the Black and the White cohorts had consistently higher success rates over the past three years. Hispanic cohorts after a dip in 2008-09 increased in 2009-10 with an overall success rate of 81.1%. The Hispanic-White gap is positive 2.0 in 2009-10 reversing a previous negative trend.

<u>11-134.</u> Under the President's Report, Dr. Law discussed the following:

Dr. Law introduced Ms. Sarah Pemberton, the new Student Government representative on the President's Cabinet, and shared that she has attended several recent college functions, including the Council of Presidents meeting, the anniversary celebration for the President, Higher Education Coordinating Council and the Pinellas County Urban League Gala.

Dr. Law reported on the recent campus visit by the Higher Education Coordinating Council. He praised staff for an excellent presentation that gave an overview of our partnerships, baccalaureate program and other initiatives. Dr. Law noted that the impressive presentation spoke to the superb oversight of SPC's local Board.

Dr. Law further reported he has been invited to New York City to work with Achieving the Dream. In response to Mr. Burke's request for information on Achieving the Dream, Dr. Law explained it is a national non-profit organization dedicated to helping more community college students succeed, particularly students of color and low income.

Mr. Burke asked if SPC has a desire to become an Achieving the Dream College. Dr. Law said he would look into what is involved and bring a report to the Board.

The president stated he is most excited about the Fall Faculty Welcome Back event scheduled for Aug. 18. The event will include for the first time recognition and celebration of SPC's professors emeriti. He encouraged trustees to attend. Mr. Burke asked Ms. Corry to send information to the trustees. Dr. Law informed the Board that the College is already orientating new faculty. Mr. Burke commended early printing of business cards, e-mail accounts, etc. for new faculty.

<u>11-135.</u> Under Future Agenda Items, Mr. Burke noted Mr. Johnston's concern regarding private funds. He recommended that at least on a quarterly or semi-annual basis, that trustees hear a report from the Foundation. The Board concurred. He suggested this be included on the agenda along with campus reports.

<u>11-136</u>. Having no further business to come before the Board, Chairman Burke adjourned the meeting at 11:15 a.m.
