CEN 2940 CLOUD COMPUTING INTERNSHIP - 3 credits

The purpose of this course is to allow students a "real world" experience with major-related, supervised, evaluated practical work experiences which may be paid or voluntary. Students are graded on the basis of documented learning acquired through hands-on experiences in an actual work setting. The student must fulfill the requirement of 180 on-the-job hours in addition to written assignments. Internships are to be unique to each discipline.

Before you are enrolled in the internship course, you must meet the following internship requirements:
- ☐ Complete at least 45 credits towards the degree.
- ☐ Complete the program courses below and their prerequisites.
- ☐ Complete at least 15 credits of the General Education requirements for the program.
- ☐ Complete the Internship Application before the application deadline.
- ☐ Secure an internship related to your major
- ☐ Submit internship placement details using this form.

Once your placement is approved, the CCIT department will register you for the internship course.

The following courses must be completed with a "C" or better prior to applying for an internship:

Major Core Courses

CNT 1000	Network Fundamentals	3
CTS 1328	Windows Server Administration	3
CTS 2321	Linux System Administration	3
COP 1000	Introduction to Computer Programming	3
CTS 1411	Fundamentals of Information Storage and Mgmt	3
CIS 2642C	Cloud Infrastructure and Services	3

For support locating an internship:
- ☐ Send your resume to your campus Career Readiness Navigator for review
- ☐ Complete your profile in HireSPC Titans (See tutorial on How To)
- ☐ Complete the following Career-Readiness workshops: Resume Development, Interview Preparation, **LinkedIn,** and How to get hired**.**
- ☐ Contact Career Services on your home campus
